Enter the ever changing world of fitness

about this programme

137 Credits,
NQF Level 5
SAQA ID: 96793

The Higher Certificate in Fitness combines theoretical knowledge and practical application to pursue a career in the exercise, fitness and wellness industry. More than ever, people prioritise lifestyle, health, self-care and well-being. This learning journey will enable you to apply principles of exercise science, including screening procedures and fitness testing, to design appropriate and individualised training programmes for health, fitness and wellness. You will be exposed to various exercise training methods to promote health and improve fitness. To ensure healthy lives and well-being, we all have to take action. You will expand your knowledge of health promotion and how to communicate professionally. Furthermore, you will become a role model and leader for many, because of your ability to implement activities and training online and physically. We will equip you with the skills to start your own successful business. So take action and join this learning journey, it is your first step to lifelong learning!

1 year

Assessment is both theory and practical.

Our online learning environment is technology-driven so you will need a desktop or laptop computer.

REGISTER NOW

technical requirements

eta Connect

Students must have their own device, especially a laptop.

WORD OF CAUTION:

The learning activities and content of our programmes require that the primary device that you will use should be a desktop computer and/or a laptop computer. Although you may find it beneficial to use a mobile device like a smartphone or a tablet when you are “on the move” to quickly access your programme, mobile devices are not considered sufficient to meet the technical requirement of our programmes. There are computers available at each campus to assist you on your eta journey.

Own data or Wifi.

Access to all learning resources, library books and journals are included in eta tuition fees.

**PLEASE REFER TO OUR LEARNER MANAGEMENT GUIDELINE TO

admission requirements

Admission to NQF Level 5 Higher Certificate

The minimum requirement for admission to Higher Certificate programmes is either:

- A National Senior Certificate (NSC) with Higher Certificate admission and compliance with the language requirements for eta.
- The NSC pass required is an elementary achievement (rating code 2/F) with an overall score of 30-39% and a minimum pass of 30% in English.
- A National Certificate Vocational (NCV) and compliance with the language requirements for eta.
- An alternative matriculation exam e.g. Independent Examination Board (IEB) which is the body representing private schools and compliance with the language requirements for eta.
- A Further Education and Training Certificate (NQF 4) in a cognate field e.g. fitness, coaching or sport administration.
- Under certain conditions, level 4 Occupational Certificates in a cognate field may be considered for admission plus relevant work experience (see RPL policy).

programme accreditation

Exercise Teachers Academy PTY Limited (trading as eta College) is registered as a private higher education institution in terms of Section 54 (1) (c) of the Higher Education Act, 1997 (Act No. 101), and Regulation 16 (4) (a) of the Regulations for Registration of Private Higher Education Institutions, 2002.

This NQF level 5 Learning programme is accredited by the Council of Higher Education (CHE). The qualification it achieves is registered on the Higher Education Qualifications Sub Framework.

recognition of prior learning (RPL)

RPL emerges from a global demand to increase access to higher education. RPL policies encourage providers to develop systems that enable the recognition of learning, allowing previously disadvantaged people, for whatever reason, to be able to access a learning pathway in higher education. The RPL driving force is social justice and fairness, so no one should be barred from higher education. At eta College, RPL can enable access to a qualification that allows you to work in the fast-growing sport and fitness sector, where competent employees are critical for the growth of the profession (Skills Development Act, 1998, Skills Development Amendment Act, 2008).

There are different types of RPL, which include the following:

- RPL for Access process which is specifically designed for those students who have not been able to meet the minimum requirements for access.
- If you have prior formal learning in credit-bearing modules or a completed qualification, it is possible for such credits to be recognised and for you to be exempt from learning you have already completed.
- If you are someone of advanced standing and did not complete a Matric (NSC) or your results were not sufficient to access higher education in the past, your work and life experience may enable you to access higher learning now.
- If you have relevant and recent work experience that matches the learning in the qualification you want, it is possible for your knowledge and skills to be recognised and to access a higher education pathway. You may even be exempt from some modules if your work experience has given you the right level of knowledge and skills.

LEARN MORE

how will this qualification help differentiate yourself?

You are passionate about fitness and want to work in the fitness industry. You love learning about health and fitness and want to help others.

You are a physical education teacher and want to learn more about current science to enhance your exercise knowledge.
